MULTI-FIT TANKS
480mm x 650mm - 100L Capacity

BP Series

BP Series tanks are manufactured using only high-quality raw materials combined with the latest technologies in robot welding and assembly. This results in a reliable product, sleek in appearance and suitable for a range of applications.

Available in aluminium or powder-coated steel, with L-brackets for side mounting or bottom brackets for rear-of-cab mounting
- 115mm filter provision for tank-top return filter and/or direct valve mounting
- Quality filler breather with replaceable element
- Oil-level indicator
